INTRAVENOUS FLUIDS...

Assuasive and expanding realm of Health Line Pharmaceuticals,  
where we believes that business is successful only when  
it is done for the benefits of humanity.

Health Line Pharmaceuticals Pvt Ltd a company formed with an objective to take over the existing manufacturing setup of Intravenous Infusions (I.V. Fluids) in Glass Bottles which was existing from 1986 at MIDC Miraj, Dist Sangli, Maharashtra.

The company carried out all the modifications and started the Manufacturing process in the year 2011 with all the modern technology and in a newly constructed setup, so as to comply with the latest requirements of schedule (M), prescribed by the government of India. After carrying out all the requisite modifications the plant has become one of the best Manufacturing unit of I.V. Fluids in India. As the factory is located at Miraj MIDC which has all the sufficient utilities and also the area is non-polluted.

The company was started with an objective to do business by providing the entire range of Large Volume Parenteral (LVP) I.V Fluids of 100ml, 500ml in Form-Fill-Seal Technology (FFS Poly Ethylene), Glass Bottle and 2000ml / 3000ml Irrigation Solutions in Plastic Jars, to the medicine fertility. And now in the year 2019 the company has entered into its 9<sup>th</sup> successful year, without a single complaint and by fulfilling the commitment of the continuous regular supply of International standard quality products to domestic and international market. At present the company has decided to expand its manufacturing process of I.V Fluids even into Euro Head technology, to fulfill our customer's requirement with the versatile production facility. As the company is well designed and meets all the most Stringent requirements of International Regulatory Authorities.

**Quality :**

Quality is the first thing on which our company's emphasize is focused, which we are able to achieve by our Q/A & Q/C Department. Q/A & Q/C are an independent department with a high Productive, Latest Modern technical Instruments and Machinery along with well experienced professional staff.

**Vision :**

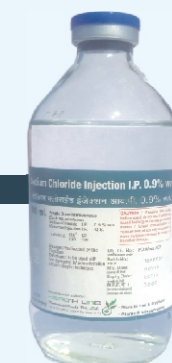

To be known as the reliable and quality oriented Manufacturers & Suppliers of LVP (I.V Fluids) at the most affordable price and fulfill the requirement of each and every customer.

**PRODUCT'S LIST - I.V. Fluids (F.F.S. TECHNOLOGY) & Glass Bottle**

**PRODUCT LIST 500 ML / 1000 ML**

- Sodium Chloride Inj. I.P. (NS 0.9%)
- Half Sodium Chloride (NS 0.45%)
- Sodium Chloride & Dextrose Inj. I.P. ( DNS )
- Sodium Chloride & Dextrose Inj. I.P. ( DNS 0.2 %)
- Sodium Chloride & Dextrose Inj. I.P. ( DNS 0.33 %)
- Sodium Chloride & Dextrose Inj. I.P. ( DNS 0.45%)
- Dextrose Inj. I.P. 5 %w/v
- Dextrose Inj. I.P. 10 %w/v
- Dextrose Inj. I.P. 25 %w/v
- Compound Sod Lactate Inj. I.P. (Ringer Lactate Soln. )
- Sterile Water For Injection I.P.

- HEALTHA P** Multiple Electrolytes & Dextrose Inj. I.P. (P)
- HEALTHA M** Multiple Electrolytes & Dextrose Inj. I.P. (M)

**PRODUCT LIST 100 ML**

- Sodium Chloride Inj. I.P. (NS 0.9%)
- Sodium Chloride Inj. 3% USP (NS 3%)
- Dextrose Inj. I.P. 25 %w/v (D 25%)

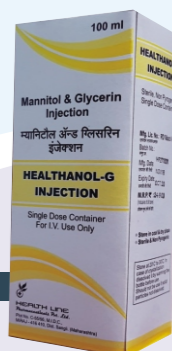

**Antibiotics & Antibacterial**

- HEALTHOXIN** Ciprofloxacin 200 mg Inj. I.P.
- HEALTHALEOCIN** Levofloxacin 500 mg Inj. I.P.
- HEALTHOFLOX** Ofloxacin 200 mg Inj. I.P.
- FLUCONAL** Fluconazole 2 mg Inj. U.S.P.
- HEALMOX** Moxifloxacin 400mg
- HEALZOLIDE** Linezolid 2mg/ml
- HEALTHRAZOLE** Metronidazole 500 mg Inj. I.P.

**Other Products**

- PARAHEAL** Paracetamol 1 mg Inj. I.P. 100 ml
- HEALPINE** Atropine Sulphate 1mg per ml Inj. I.P. 100 ml
- HEALVERT** (Invertsugar 10 % w/v Inj. I.P.) 500 ml Glass
- HEALTINI** Tinidazole 200 mg Inj. 400 ml
- HEALSOL** Balance salt Solution (For Opthlymic Use) 500 ml

**Diuretic**

- HEALTHANOL** Mannitol 10% w/v & 20% w/v Inj. I.P.
- HEALTHANOL G** Mannitol 10% w/v with Glycerine 10% w/v

**Irrigation Solutions in Plastic Jar 2000/3000 ml**

- Sodium Chloride Irrigation Solution I.P.
- Glycine Irrigation Solution I.P.
- Sterile Water For Irrigation U.S.P.
